

## 2005 - 2013 Corvettes - All Models: Grand Sport Stripe Kit Part Numbers

The following information comes from Hib Halverson regarding the correct part numbers for the stripe kits used on 2010 - 2013 Grand Sport Corvettes as they apply to other C6 Corvettes:

I emailed with Jerry Parsell, again, on the Grand Sport stripe kits. Parsell, the Product Manager for Chevrolet Accessories, says the stripe kits will back-date, within specific models, to the beginning of the C6 platform, which, of course, would be 2005.

The base coupe stripe kit (PN 22783845, -846 and -847) will fit all base C6 Corvette coupes, 2005 - 2012.

The base convertible kit (PN 22783849 and -850) will fit 2005 - 2012 base C6 Corvette convertibles, (for reasons unknown, the base convertible stripe kit is only available in two colors).

The Z06 kit (PN 22800490, -491 and -492) will fit all Z06s with the RPO B92 hood.

The ZR1 kit (PN 22783861, -862 and -863) will fit all ZR1s.

The Z06/Grand Sport coupe kits (PN 22783853, -854 and -855) will fit all Grand Sport coupes and Z06 coupes without RPO B92.

The GS convertible kits (PN 22783857, -858 and -859) will fit all GS convertibles.
