

1982 - 1990 Corvette: Service Bulletin: Service Replacement Transmission Assembly (SRTA) Update

Subject: SERVICE REPLACEMENT TRANS ASSY (SRTA) UPDATE

Model and Year:

1982-90 CAPRICE, CAMARO AND CORVETTE

1982-90 C1/C2, K1/K2, G1/G2, S1/S2 TRUCK

1987-90 R1/R2, V1/V2 TRUCK

1985-90 M1, 1990 L1 TRUCK

Source: Chevrolet Service Bulletin

Bulletin Number: 90-372-7A - (10/15/1990)

TO: ALL CHEVROLET DEALERS

BULLETIN COVERS:

This bulletin expands the list for all SRTA model applications of the HYDRA-MATIC 4L60 through the 1990 model year.

SRTA ADVANTAGES:

- A SRTA is the product of a highly successful, customer satisfaction driven program providing the technician with a service alternative when addressing diagnostic and overhaul concerns.
- All SRTA units are designed and re-manufactured to current engineering specifications and are often less costly than a major overhaul.
- GMSPO Parts Distribution Centers are committed to 48 hour maximum delivery time for all SRTA models, with no VIP charges.

IN THE INTEREST OF CUSTOMER SATISFACTION, SRTA MODELS SHOULD ONLY BE CONSIDERED WHEN THE PROJECTED COST OF REPAIR EXCEEDS THE COST OF A SRTA REPLACEMENT.

SERVICE INFORMATION:

Cooler flushing **MUST** be performed whenever a transmission/ transaxle is removed for service. It is essential to flush the cooler before SRTA installation, major overhaul, in any case of pump or torque converter replacement, or when fluid contamination is suspected.

Parts are currently available from GMSPO.

NOTE: Part numbers are accurate at the time of printing and subject to change.

General Motors bulletins are intended for use by professional technicians, not a "do-it-yourselfer". They are written to inform those technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions and know-how to do a job properly and safely. If a condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See a General Motors dealer servicing your brand of General Motors vehicle for information on whether your vehicle may benefit from the information.
