

OPERATING CONVERTIBLE TOP

Before lowering or raising your convertible top:

PARK ON A LEVEL SURFACE

SET PARKING BRAKE FIRMLY

*SHIFT
AUTOMATIC TRANSMISSION
INTO PARK (P)*

LOWERING CONVERTIBLE TOP

NOTICE Before lowering convertible top into storage area, be sure there are no objects in the way of folded, stored top.

1. Move sunshades out of the way, then lower latch handles, rotate inward, then push handles back to up position.
2. Lift upward on front edge of convertible top then rear edge until both are vertical as shown in **Figure 1**.

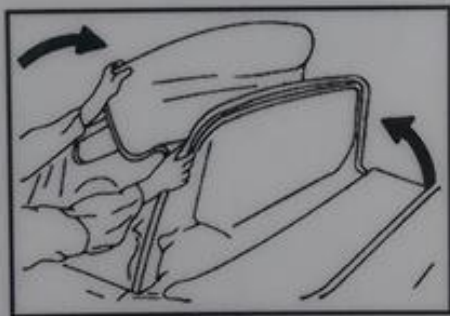

Figure 1

3. Release and raise storage compartment lid using the button under the lid (behind driver's seat).
4. Push forward on front edge of convertible top to allow rear edge to be lowered into storage well.

NOTICE Be sure that rear edge of convertible top is in the full down position before lowering top into storage compartment or you may damage top. (See **Figure 2**).
